

Swift Transit

Faster, more reliable bus service

Swift Current is ready for fast and reliable transit – to meet the needs of riders and achieve the goals of our growing city. Riders need to know where and when their bus will arrive. Modern transit services are essential to growth and a better quality of life for all. Our new bus service is reliable, affordable and easy to use. *Swift Transit* is ready to welcome you.

How to Ride

Swift Transit runs on a fixed route, picking up and dropping off customers at designated bus stops along the way. The “HUB” (Downtown Transfer Station) is the point where the bus crosses through downtown and riders can either continue along the main route, or transfer to a Shuttle Bus, to reach their destination.

Within Walking Distance to Main Route

If your pick-up and drop-off points are both located within walking distance of the main route (inside the Walk Zone indicated on the map) simply proceed to the closest bus stop.

Outside Walking Distance to Main Route

If either your pick-up or drop-off point is located outside walking distance of the main route (outside the Walk Zone indicated on the map) here’s what to do:

Pick Ups

Call 306-770-2263 for a pick-up and a shuttle bus will take you to the “HUB” (Downtown Transfer Station).

Drop Offs

From the “HUB” (Downtown Transfer Station), you can:
Get on a main route bus and ride to your destination.
OR
Stay on the shuttle if your destination is off the main route.

Access Transit

If mobility is an issue, you may qualify for Access Transit. Call 306-773-2076 for more information.
